

Correction

Correction: Evaluation of the Accuracy of Anthropometric Clinical Indicators of Visceral Fat in Adults and Elderly

The *PLOS ONE* Staff

There are errors in the first sentence of the fourth paragraph of the “Anthropometric clinical indicators” subsection of the Methods and Materials. The correct sentence is: The VAI was obtained by the formulas proposed by Amato et al. (2010) [4]: for females, $VAI = (WC/36.58 + (1.89 \times BMI)) \times (TG/0.81) \times (1.52/HDL)$ and males, $VAI = (WC/39.68 + (1.88 \times BMI)) \times (TG/1.03) \times (1.31/HDL)$.
