# Supplemental File S5
Phage A (Black)

Phages C/I (Grey/Purple)

Phage D (Orange)

Phage E (Green)

Phage F (Blue)

Phage H (Yellow)

Figure S5 – Alignment of individual prophage sequences. Prophage sequences were aligned using the multiple alignment tool in CLC Bio. Divergent regions are indicated by red bars, while gaps are indicated by the line graph; the height of the line graph indicates the number of sequences that contain a gap.
